9th Annual Golf Outing

August 1, 2011

Karen's Story

Karen was a gift to all those who knew her. She carried herself as a beacon of hope, and inspired anyone who came in contact with her. She was a champion of the underdog, generous to a fault, and among the most caring people anyone would ever meet. Until her death, many who knew her had no idea she was even ill, as she desired to be defined by the content of her person, rather than the disease that inhabited her. Karen died on February 22, 2003.

About The Foundation

The Karen P. Nakon Breast Cancer Foundation was established by Karen's husband Matt, family and friends, to honor her graceful and courageous five-year battle against breast cancer. Because Karen was concerned about the lack of funding for research and some families' inability to endure the high cost of treatment, it was her wish, and therefore the mission, that a foundation be created to help families in financial crisis due to a breast cancer diagnosis.

The Foundation is honored to have assisted and touched the lives of hundreds of women and their families all over Northeast Ohio.

Your Support Makes a Difference

Proceeds from this annual golf outing go directly to financial assistance for woman and their families who are impacted by the staggering costs of breast cancer treatment.

Despite the efforts of doctors, researchers, caregivers, and all supporters in the fight against breast cancer, this indiscriminate disease continues to rage onward. Over 250,000 Americans will be diagnosed with breast cancer this year. Although significant progress has been made, the task will not be completed until a cure is found.

The Nakon Foundation is proud to partner with many foundations, institutions, and individuals. With support of organizations such as Susan G. Komen for the Cure, Cleveland Clinic, University Hospitals, and many community clubs, associations and groups who assist with their own fund-raising efforts, the Foundation is well positioned to serve women with breast cancer and their families in Ohio.
